

Business Building Seminar
Sunday 16th March 2014

At the Holiday Inn,
Barnsley Road, Dodworth, Barnsley, Yorkshire, S75 3JT (J37-M1)

Leaders Meeting: 12.00 - 13.00; Main Session: 14.00 - 18.00

With special guest speaker
Colin Gordon – Founders Platinum ABO (2010) from the UK

Colin has a PhD in Food & Nutritional Science and Computing. He started a career in academia, where he found the time and ability to further pursue his research interests. But the funds to make his research successful were in short supply. In fact academia was being driven to be profit oriented, so he left and went into the industrial sector where money was more readily available. However he now found that his spare time had evaporated. In short life changed dramatically and Colin found himself looking for a way to regain his free time, and then this business came along.

Colin & his wife Andrea say that this business has taught them the value of being committed to goals which are realised through persistence and determination. 'Our achievement has been the combined effort of a Team, both up-line and down-line and just like a sports team, when one member of the team wins the whole team wins. We are very excited about the future of this business.' They believe that they are in the right place at the right time to invite people to share in their vision for a future where they can control their lives through the vehicle of this business opportunity.
