Imraan graduated as a Dental Technician at top of his class being recognised as the student who exhibited the most leadership potential. He very quickly decided to move into the business world where he owned and operated a number of businesses ranging from Property development to retail.

He is currently the National Director of a large NGO that runs offices in 29 countries in Africa. They are responsible for building 160 schools and 3 universities in various parts of Africa.

Imraan has also been invited to sit on representative councils of other International NGO's as an advisor.

He regularly travels to summits in various parts of the world because of his passion to help those less fortunate.

Imraan was exposed to the Amway Sales and Marketing Plan some years ago and seeing its potential worked hard to develop a significantly stable business that allows him some financial flexibility in his busy life.

He successfully manages to balance his passion for business, leadership and helping others. He is the proud father of 3 wonderful children aged 19, 16, and 12.
